

# CAVERT

**WIRE COMPANY**<sub>INC</sub>  
a Division of The Spittler Company

**Since 1910,  
The Leader in US Made  
Baling Wire**

---

## **Why (Company Name) Should Choose Cavert**

### **UNPARALLELED STRENGTH**

Cavert is America's only baling wire manufacturer that uses the process of strand annealing. This heat treating process has been proven to provide a tensile strength consistency far superior to other annealing methods. It's simple – Strand annealing delivers superior, ultra-strong baling wire.

### **SUPERIOR SERVICE**

Whether it's more consistent tensile strength in our baling wire, our unmatched technical assistance or our short lead times, our customers benefit from our dominant position in the baling wire industry.

### **LOOK TO CAVERT FOR:**

- Automatic Baling Wire
- Single Loop Bale Ties
- Bundling Wire & Merchant Wire
- Straightened and Cut Wire
- High Tensile Galvanized Wire
- Steel Banding and Accessories
- Other Wire Products

**MADE IN  
THE USA**

*– Since 1910 –*
